**Zoom: Web link** 

**Time: 9:30-12:30 (CET - Brussels time)** 

GREENET supports organisations for the transformation towards competitive energy supply, efficient sustainable and inclusive energy use and clean, in Horizon Europe (HE) framework programme. This online workshop is a great opportunity to be informed about the funding opportunities offered by the HE CL5 work programmes in Energy and to follow useful presentations about the services offered by NCP networks.

Participants will have the opportunity to learn more about the Widening funding instruments and more specifically the Excellence Hubs via a dedicated session with a presentation by the coordinator of SolarHub: A Greek-Turkish Solar Energy Excellence Hub to Advance the European Green Deal and receive useful tips to prepare a successful proposal.
